

**Tasking Memorandum No.99-217**

**Memorandum For** Cdrs DCMDs, DCMC CAOs

**Subject:** Cancellation of FY99 Performance Plan Goal 1.2.4, FY00 Performance Plan Goal 1.2.3, and DCMC Metric 3.10.1.6

**Date:**

**Suspense Date:** Until Rescinded

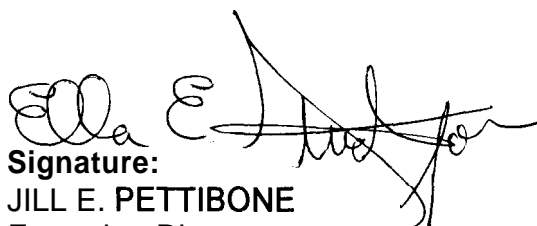

**Target Audience:** All DCMC Personnel Involved in Software Development Surveillance

**Requirement(s):**

- "FY99 Performance Plan Goal 1.2.4, Improve the effectiveness of weapon systems software development by engaging in activities to ensure that at least 85% of DCMC major software findings/recommendations made are adopted" has been cancelled per the direction of the DCMC Commander.
- "FY 00 Performance Plan Goal 1.2.3, Improve the effectiveness of weapon systems software development by engaging in activities to ensure that at least 85% of DCMC major software findings/recommendations made are adopted" has been cancelled per the direction of the DCMC Commander.
- CAOs are to cease reporting the associated metric (3.10.1.6) immediately, and are no longer required to load the associated AMS cube (SOFTWARE.MDC).
- CAOs are to continue to use the Software Professional Estimating and Collection System (SPECS), and are to continue rolling up the data collected in SPECS as required.
- This action is being taken pending the development of new Performance Plan goals and development of a new set of metrics that will better reflect the performance of DCMC Software Development Surveillance efforts.
- Development of new Goals and Metrics will help in Command decisions for managing Software Development Surveillance efforts.
- Associated PLAS code: 071
